

## Procedures & Policies

### Ordering Procedures

For your convenience, an order form is available on page 3 for copying. You may also request forms by phone or print from [julesborel.com](http://julesborel.com).

#### By phone 800-776-6858

1. Call our order desk between 8 am and 5 pm Central time weekdays or leave an order on our recorder 24 hours a day.
2. Tell us your phone number with area code.
3. Specify any special instructions.
4. State stock number, description and quantity needed.

#### By fax 800-776-6862

1. Use a copy of the Order Form on page 3.
2. Be sure to include your store name and phone number with area code.
3. Specify any special instructions.
4. Write stock number, description and quantity needed.

#### By the internet at [www.julesborel.com](http://www.julesborel.com)

1. Log in.
2. Follow the links to the index and pages.
3. Click on an item's stock number to order.
4. Check out when finished.

*If ordering for the first time, please call the order desk with your payment information.*

### Shipping Instructions

Please give precise shipping instructions. If you don't have a shipping preference we will ship via "the best way" which balances economy, quick delivery and security. Some items have restrictions and special requirements on how they can be shipped.

#### Shipping Choices

- FedEx Overnight AM     ■ FedEx Second Day
- FedEx Overnight PM     ■ FedEx Saver
- US Mail First Class     ■ US Priority Mail
- UPS Ground     ■ UPS COD
- FedEx COD

*Jules Borel & Co. would like to thank Tivol for allowing us to take the cover photos on location at their store on the Country Club Plaza in Kansas City, Mo.*

PL585.00

PL586.00

Secure the two strands of wire in the crimping station, preferably with one wire on each side. Squeeze the pliers firmly. Place the crimping bead into the rounding station sideways. Squeeze to form a smooth, rounded crimp.

## Bead Crimping Pliers

Form a smooth, unobtrusive crimp using these low-cost pliers and quality crimping beads. Banishes the unsightly sharp-edged crimp formed by conventional methods. The finished crimp can be hidden in a clam-type bead tip or slipped into a large-hole bead. Works well with round or tube crimps. The microcrimper makes smaller crimps. Both crimping pliers are 5 1/8" long.

Stock #	Description	Price
PL585.00	Regular Bead Crimping Pliers	\$ 10.00
PL586.00	Micro Bead Crimping Pliers	10.00

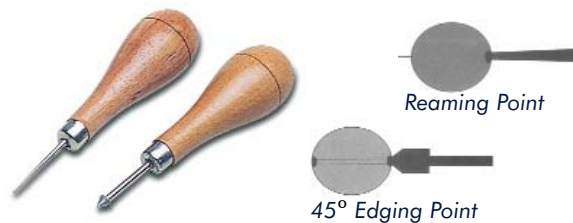

Check our findings department for crimping beads and crimp bead covers.

## Deluxe Three-Piece Diamond Bead Reamer Set

### Split Ring Tweezers

Open small and medium-sized split rings easily with these special tweezers.

Stock #	Description	Price
TW608.00	Split Ring Tweezers	\$ 4.20

### Soft Flex™ Beading Wire

Soft Flex beading wire is soft, flexible, and very strong. It drapes like thread instead of looking like wire or fishing line. A special nylon coating protects the fine steel and adds comfort. The "all-purpose" .019" diameter is perfect for a variety of uses and materials. Use the .014" diameter for pearls and seed beads and .024" for heavy duty multi-strand designs. Beads easily string on Soft Flex and no needle is required. Crimp beads or knot ends to finish. Colors are available in .019" size on 30 foot spools: Black, White, Red, Pink, Yellow, Green, Dark Blue, Turquoise, Purple, Bone, Butterscotch, Bronze, Antique Brass and Copper.

#### 30 foot spools

Maple

## Jeweler's Custom Double Bank Workbench

A larger work area with twice the storage/drawers as the bench above. Choose from maple or oak.

Stock #	Wood	Width	Depth	Height	Weight	Price
BN010	Oak	62"	26"	38"	250 lbs.	\$ 1670.00
BN015	Maple	62"	26"	38"	235 lbs.	1600.00

These prices include the charge for crating. All workbenches are sent freight-collect directly from California to you. Shipping collect requires payment at time of delivery. The average freight cost from California to the Midwest is \$190-220.

## Jeweler's Custom Workbenches

The design for these workbenches has been refined through years of development to produce a workbench of exceptional function and beauty. Created without compromise, these benches are the finest jeweler's work-benches available in the world today. Built to be beautiful and sturdy, solid oak or maple wood workbenches are made in California by expert cabinet makers, for jewelers who make quality jewelry and demand quality tools.

Each bench includes a steel-lined catch tray, two inch thick butcher-block top, locking drawer, integral bur tray, two concealed security drawers, plus six tool drawers. It also has a bench pin with anvil, a pull-out tool tray and two arm rests. Walnut or mahogany wood benches are also available. Made in the USA.

Price includes crating, but not freight. Shipped fully assembled.

### Options available:

- GRS Benchmate mounted in place of bench pin
- Pull-out layout board above locking drawer
- Pull-out layout board beneath bench top
- Drawers on left instead of right
- Locking bank of drawers
- Choice of color and finish
- Custom butcher block tops
- Walnut or mahogany wood

Detail of locking drawer, layout board, catch pan and bur tray.
