New Horological Catalog

Recommended for Waterproof Testing

Witschi Dry Waterproof Tester TS-PROOFMASTER-S

Pressurize from .2 to 10 BAR and vacuum to -.7 BAR to detect small and large leaks. If leak is small, pressure will remain inside the watch to show air bubbles underwater.

- Seven preset programs
- Ten custom programs available
- Leak finder program shows location of leak in watch
- Maximum watch size 70mm diameter x 28mm thick

TS-PROOFMASTER-S

Call

Witschi Dry Waterproof Tester Proofmaster-M

Similar to the Proofmaster-S but with more functions. Tests waterproofing up to 10 BAR. Adds fully automated dome opening and closing and a user-friendly touch-screen.

- Nine preset programs
- 45 custom programs available
- Leak Finder program shows location of leak in watch
- Maximum watch size 70mm diameter x 28mm thick

TS-PROOFMASTER-M

Dry Waterproof Tester

Call

Revelator-R1 Heater and Cooler

Enables a condensation test to be carried out on watches with thick crystals up to 5 mm since the water droplet test is not as effective on thicker crystals. The R1 tester heats the watch to 50°C, then cools the watch to 10°C. Essential complement to the ROXER waterproof testers. Swiss.

VIB-REVELATOR-R1

Condensation Tester

\$ 6,189.00

Recommended for Waterproof Testing

Diabolic-E Vacuum Wet Waterproof Tester

Immerse watch in water to perform a vacuum leak check. Easy to use, the point of leak is visible immediately. Automatic vacuum pump is built into the unit. Holds 6.76 ounces water. Weighs 12.33 pounds. Swiss.

VIB-DIABOLIC-E Wet Waterproof Tester \$ 3,799.00

Werther Silent Air Compressor

Create pressure efficiently using the Werther air compressor. Only Jules Borel & Co. protects the Proofmaster by including two filters; 5 microns and 1/100 micron.

- Tank pressurizes to 175 psi or 12 BAR.
- Gauges show tank pressure and hose pressure

AC6414 Werther air compressor \$ 1,295.00

Martel Thermal Printer

Connect to Witschi and Elma watch and waterproof testers. Prints clear text and graphics with most equipment. Prints text only with the Analyzer Twin. AC powered, or operates on 4 AA batteries.
