

Jules Borel Children's Jewelry

Oh, Baby!
Daddy's Little Girl
because she's never too young for jewelry!

Product photos, January 2007; Child, November 2006, Nikon D70

In January 2007 I assisted my mother with a brochure by taking photographs of a set of children's jewelry.

This was done handheld with the assistance of a wireless flash, telephoto lens with a screw-on macro lens, common desk lamp and a spare lampshade.

I took every photo seen in this brochure.
